Pawling Mountain Club is a private club, bordered by a 1500-acre expanse of the Appalachian Trail National Park; the preserve offers ideal woodland and open field game cover unmarked by roads and traffic. A panoramic view from the Club's main lodge includes the Catskills on the horizon. Pawling Mountain Club's complete shooting preserve will provide the ultimate in accommodations for the most discriminating sportsmen. Pawling Mountain Club regulation range facilities offer traditional sporting clays for the formal shooter or informal games, which can also be used to sharpen your shooting skills. PMC's main lodge is a spacious traditional country log home. A welcome retreat after a shoot, you will enjoy the home like ambiance of the vaulted ceilings and large fieldstone fireplaces. PMC is easily reached by car, train or helicopter.

### SPORTSMEN FOR CHARITY, INC.

Sportsmen for Charity is a 501c3 organization and was founded in 2002 by 5 members of the New York area real estate and construction industry for the simple purposes of:

- Promoting the Shooting Sports
- Developing camaraderie among members of the industry
- Giving back to society by contributing to charity

At the first meeting, the founders quickly came together behind the effort to hold a sporting clays event to benefit St. Jude Children's Research Hospital. It was an outstanding success for St. Jude and all the participants. Since then the Sportsmen for Charity have repeated their success with numerous charities and continue that tradition today inviting you to participate in an unforgettable day of shooting camaraderie and giving back to the community.

The Diabetes Research Institute at the University of Miami Miller School of Medicine leads the world in cure-focused research. As the largest and most comprehensive research center dedicated to curing diabetes, the DRI is aggressively working to develop a biological cure by restoring natural insulin production and normalizing blood sugar levels without imposing other risks. Researchers have already shown that transplanted islet cells allow patients to live without the need for insulin therapy. The DRI is now building upon these promising outcomes by developing the DRI BioHub, a bioengineered "mini organ" that mimics the native pancreas. Various BioHub platforms are being tested in preclinical and clinical studies. For more information, please visit [www.diabetesresearch.org](http://www.diabetesresearch.org) or call (516) 822-1700. The mission of the Diabetes Research Institute Foundation is to provide the Diabetes Research Institute with the funding necessary to cure diabetes now.

#### **Directions to Pawling Mountain Club - 306 Penny Road, Pawling, NY 12654 Tel: 845-855-3825**

**From New York City:** Take Saw Mill Parkway into Taconic Parkway North, Exit to the right onto Route 55 East. Continue on Route 55 through 4 traffic lights (approximately 12 miles), and take the second left after the 4<sup>th</sup> traffic light onto "Old Route 55", at the bottom of a large hill. Then turn left onto Penny Road. Follow Penny Road 1-1/4 miles to the club.

If the weather is good a shorter route is - get off at the Beekman Road exit which is clearly marked (as Hopewell Junction/Sylvan Ave) which is one before Route 55. From exit-make a right turn onto Beekman Road and take Beekman Rd to Route 55. Make a right onto 55 and go approx. 3.8 miles. (just after the 292 Junction sign, on the left side you will see OLD ROUTE 55). Make a left onto "old Route 55" then turn left onto Penny Rd. Follow Penny Rd. about 1 1/4 miles to the Club. (Beekman Road is windy & a more scenic road but is a shorter distance than going up to Route 55 exit.

**From I-684:** Take 684 North to end (Exit 9). 684 turns into route 22. Take Route 22 North 12 miles and then turn left onto E Main St. Go 1.4 miles (at Clock tower) slight left onto "Old Route 55" West. Take Old Route 55" approximately 2 miles to Penny Road. Then turn right onto Penny Road. Follow Penny road about 1-1/4 miles to the Club

**Do NOT Follow your GPS to Penny Road, please follow the directions above**
